**60 SIMANGUS™ &
SIMMENTAL BULLS**

BLACK & RED BULLS
52 YEARLINGS & 8 LONG-AGE BULLS

Bull Sale: **MONDAY**
MAY 1, 2023

AT THE WIX BARN & LODGE
RICHARDTON, N.D., 2 P.M. MT

Hello Cattlemen & Cattlewomen,

As we sit down to write this welcome letter, we are currently experiencing a long winter with an abundance of snow that we haven't seen for many, many years. It's a blessing and we are thankful for the moisture, but there are definitely challenges in caring for livestock. We simply move on and do the best we can and when that isn't good enough, we figure out how to do it better.

Figuring out how to do it better....that is exactly what we are doing with our bull program here on the Wicks' ranch. We want to meet the needs of our customers....you producers deserve a good product that stands on good feet, sound structure and balanced calving ease without sacrificing the gain. The product that can producer fertile heifers with good milk scores to keep building your herd.

This year we chose to have our sale in May for several reasons, mother nature had a big role to play in this but we thought we'd try a later sale date for several other reasons including the following:

1. **SEMEN TESTING:** Bulls will be semen tested prior to the sale so you know the bull you are bidding on has tested good or he won't be in the sale.
2. **DNA TISSUE SAMPLING:** We decided we wanted to do DNA tissue sampling for 100K genomics with verified parentage so you know exactly what you are bidding on. Unfortunately the results won't make it in time to be in the catalog but we will have it posted on our website by sale day and have supplement sheets sale day.
3. **CONVENIENCE:** The convenience of seeing the finished product rather than a younger bull in a February sale.
4. **DISCOUNT:** We are offering \$100.00 discount if you take your bull home sale day.

The herd sires of this group include Folsom, War Cry, Copperhead, Epic, Exclusive and Last Call. These are all proven bulls as proof is in the pudding as we have calved out the daughters of these bulls and the have great maternal instinct, excellent udders and milk. On the steer side you will see more pounds at weaning, better gain in the feedlot and results of their performance will be evident in the carcass data.

We think about our customers during calving season and hope everybody is doing ok battling the snow and temperatures. We want to thank all of our past repeat customers for coming back every year. We feel honored for their loyal support and friendship. Feel free to stop by and look at the bulls after the snow melts, which we hope will be soon. Can't wait to see full dams and green grass!

Company near Rushville, NE. We went there in search of a purebred Simmental bull. Once we started going through the pens there was one bull, a halfblood, that persistently stood out among the rest. War Cry has a way of moving that is fluent and agile, he is extremely sound with great structure and a unique presence to him. He has great neck extension and is smooth shouldered. He is big topped, big ribbed and carries a massive hip. We could not pass him up. We have a lot of confidence in this bull as Kearns also did, using him extensively on both heifers and cows. He stamps his progeny as consistent as any bull we have ever used. We have used him with great success on first calf heifers.
